## **DREW LAWRENCE**

Author, *Planetary Gemstones* as part of Planetary Gemstones gift set

In 1969, Drew Lawrence set out on a personal journey. His destination — the fulfillment of his life's purpose. Almost thirty years later, he finds himself still firmly treading that same path, significantly closer to the goal and appreciating every step of the adventure. As an experienced traveler on the path, he has been given the fortunate opportunity to help thousands of other wayfarers on their quest for their own Holy Grail. Steeped in the practical mysticism of the Sanskrit Vedas, and intuitively versed in the symbolism of Jungian psychological thought and active imagination, Drew has forged powerful tools with which he has developed his own distinctive methods of insight and transformation.

Drew is a successful author, speaker, healer and Vedic astrological consultant. He has been a student and practitioner of Vedic Astrology or Jyotish for over 26 years and has been a featured speaker at the International Symposium on Vedic Astrology held in the United States. Drew is also a founding member of the American Council on Vedic Astrology. His first book, *The Way of Kings*, detailing ancient leadership strategies which he translated from the original Sanskrit, has been read by former chief of the United States Armed Forces, General Colin Powell, as well as by former California Governor Jerry Brown.

Offering lectures and seminars on a variety of themes around the globe, Drew enjoys the distinction of having spoken on Capitol Hill in Washington, DC. With clients throughout the world, Drew is a consultant to crown princes, heads of state, United Nations envoys, diplomats, Ivy League professors, inventors, cutting-edge entrepreneurs, and entertainment celebrities. Among them, academy award winning director, Oliver Stone, golden globe winning actress, Jennifer Garner, Cindy Crawford, Kate Beckinsale, Embeth Davidtz, Elizabeth Berkeley, Linda Gray, Courtney Love, Robin Wright, and Billy Zane, to name a few.

Drew has pioneered a dynamic method of meditation and personal discovery, which enables people to "heal their past and envision their future." He has been featured in national magazine articles, as well as radio and television interviews in several countries. His consultations and workshops have brought empowerment and transformation into the lives of thousands. Helping individuals find their life purpose, thereby leading them to their personal fulfillment and our society's greatest benefit, has been one of Drew's long-time goals.
